

DIRECTIONS:

Did you know 1 out of every 3 bites on your plate is possible only because of pollinators? As habitats are replaced by development, it's important to learn the significance of pollinators and how we can create native landscapes for them to thrive. **Can you find the pollinators and plants below?**

NAME: _____ **DATE:** ____ / ____ / ____

LOCATION: _____
 (EXACT ADDRESS, OR PLEASE LIST PARK NAME, INTERSECTION OR NEIGHBORHOOD)

Can you find any of these pollinators? How many did you see?

WANT NATIVE PLANTS AT HOME?

JOIN ADOPT-A-BLOCK!

WHAT IS ADOPT-A-BLOCK?

The Adopt-A-Block program empowers residents across Indianapolis to actively take care of the street where they live, work, or go to school. Adopt-A-Block Captains keep their blocks clean on an ongoing basis with free tools and resources provided through Keep Indianapolis Beautiful (KIB). Clean blocks also receive complimentary native trees and plants every year.

WHY IS ADOPT-A-BLOCK IMPORTANT?

Adopting your block is a great way to connect with neighbors, be proactive about issues that may arise on your block, and improve overall curb appeal. As an Adopt-A-Block Captain, you can apply for micro-grants and focused neighborhood cleanups to help your block even more.

Keep Indianapolis Beautiful has lots of information about native plants and trees, pollinators, and litter cleanup. Learn more about why these topics are important and what you can do to help people and nature thrive!
