A How-To Guide

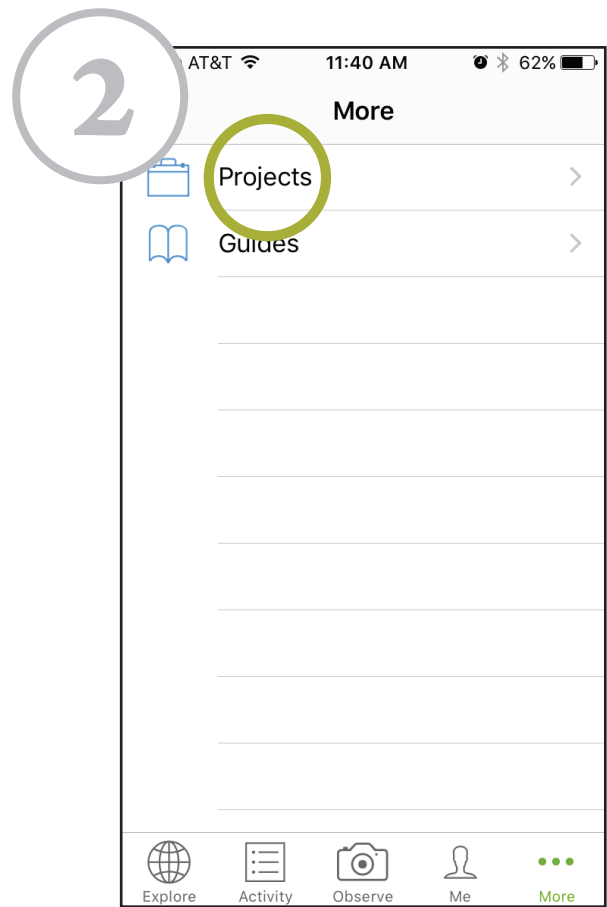

Joining *a* Project

Assembled by Keep Indianapolis Beautiful

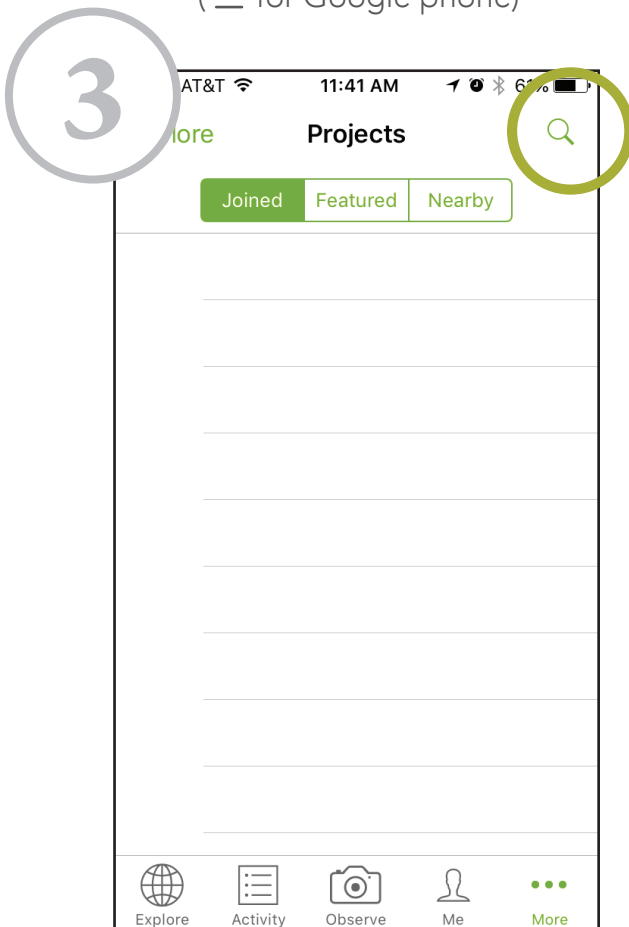

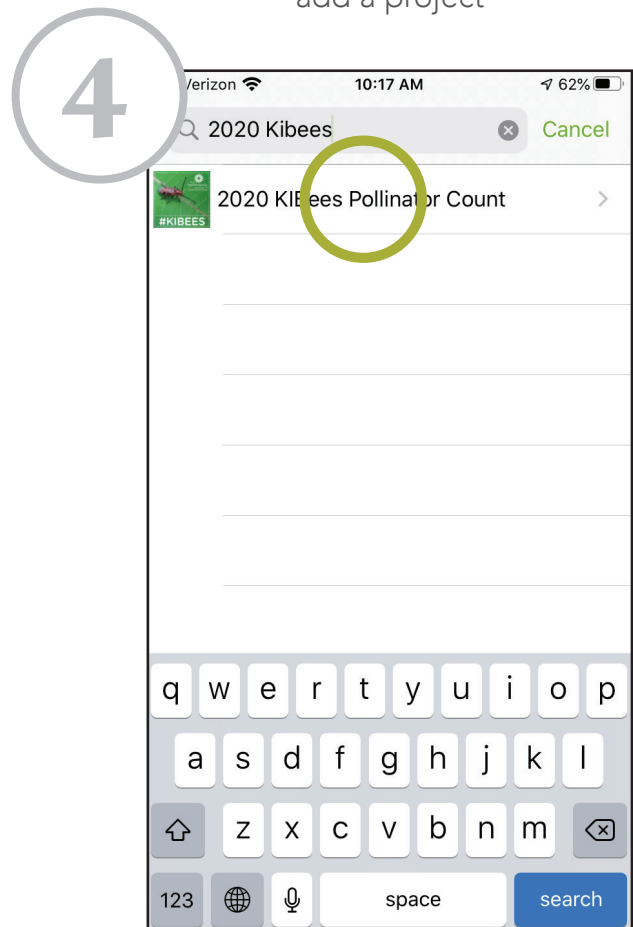

Tap the MORE icon
(≡ for Google phone)

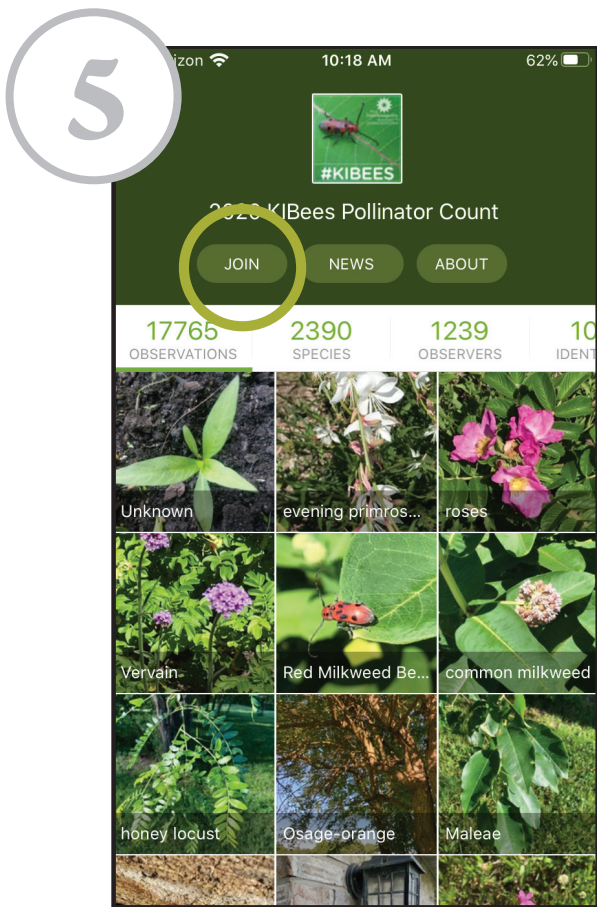

Tap PROJECTS to
add a project

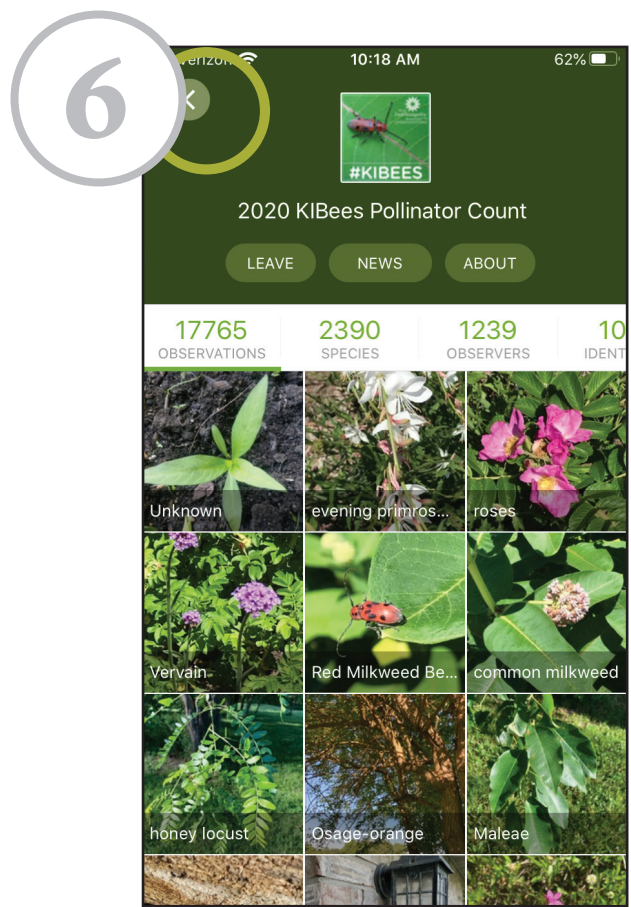

Tap the magnifying glass
to search SEARCH for a project

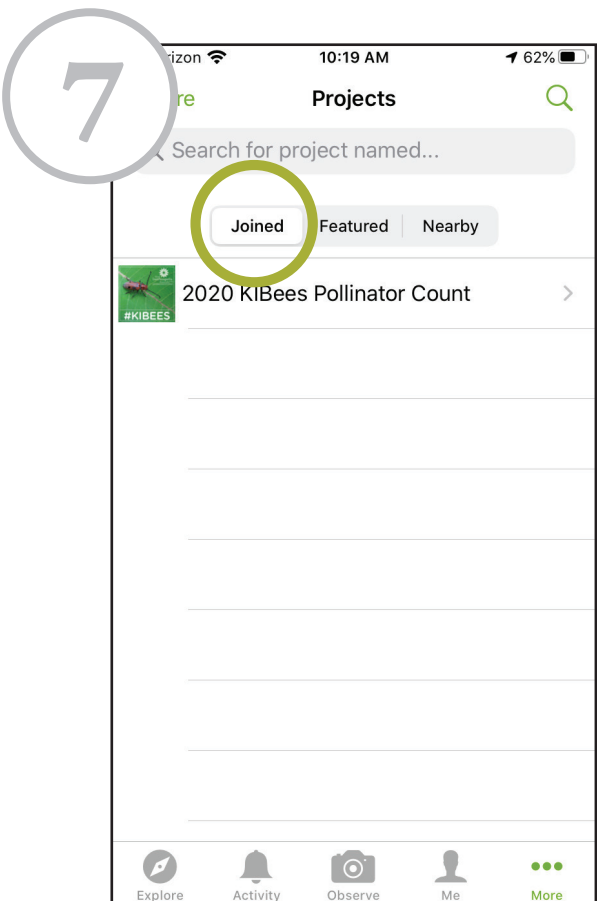

Start typing the name of your
project and select it

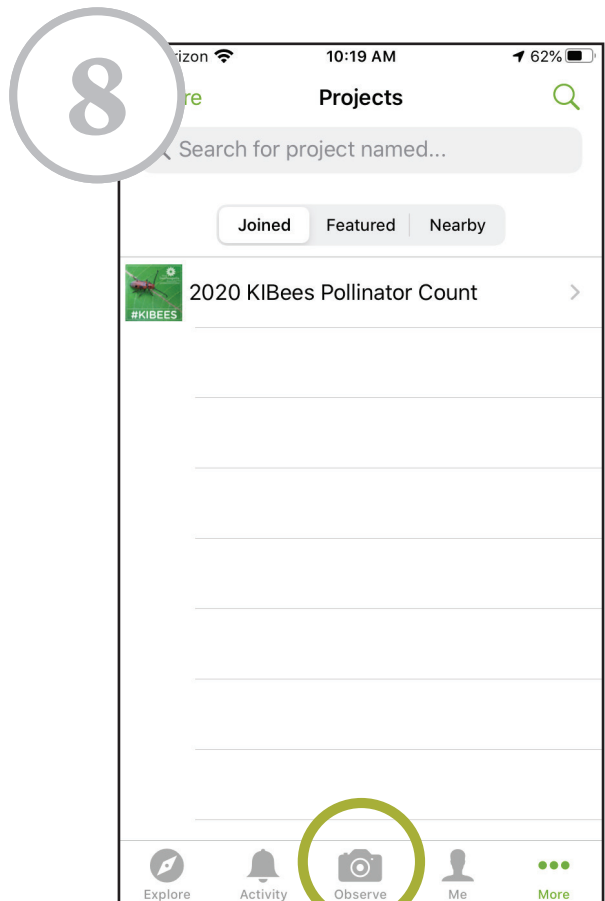

Select JOIN on the project page

Tap the BACK arrow

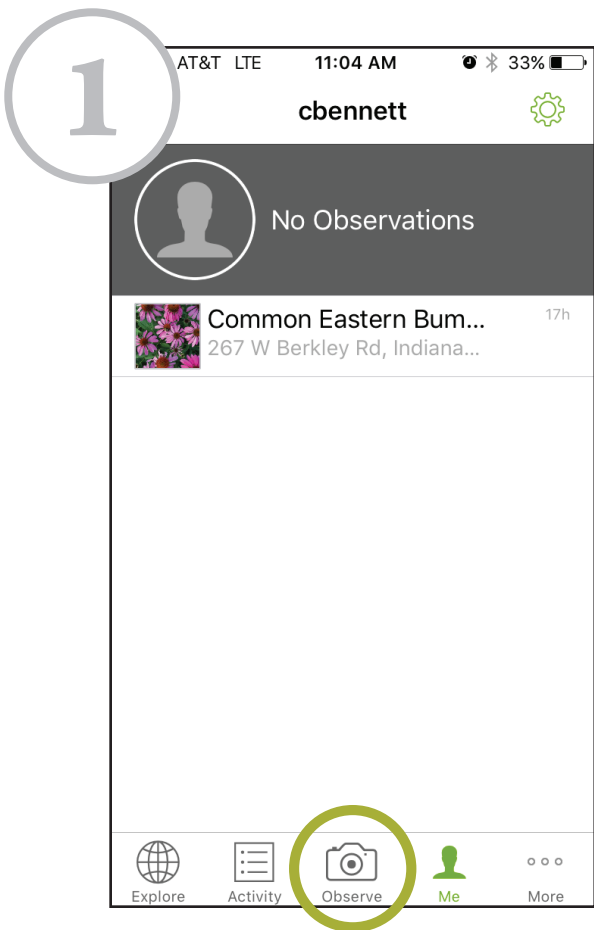

You will see the the project is listed under the JOINED tab

You're now ready to start an OBSERVATION

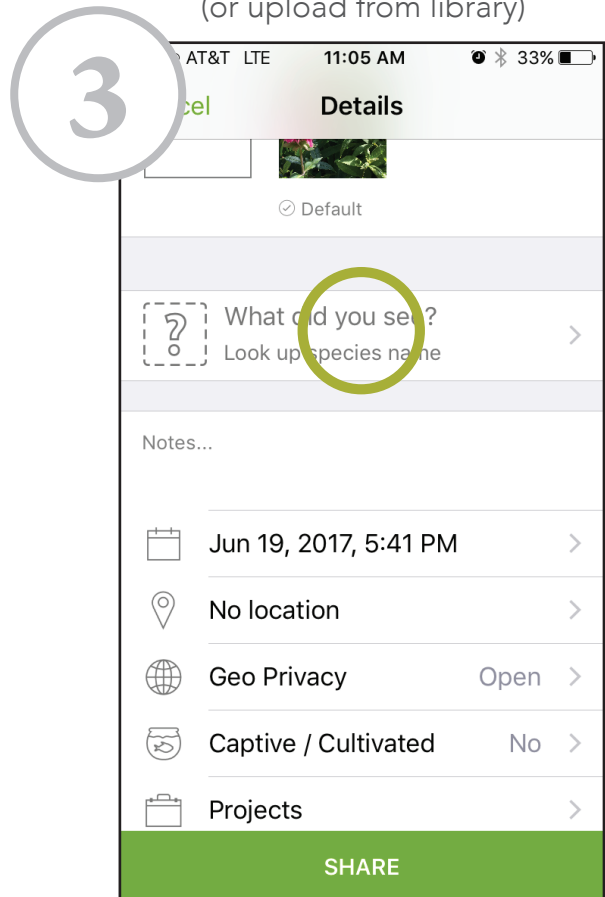

Making
an
Observation

Tap the CAMERA icon
(+ for Google phone)

Capture an image of the
pollinator(s) in your area
(or upload from library)

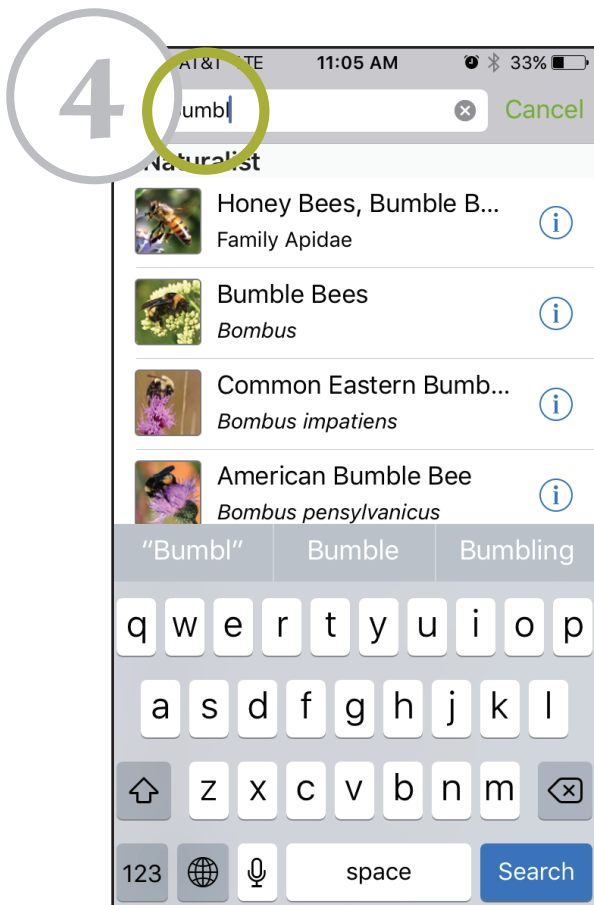

Tap WHAT DID YOU SEE
to enter species information

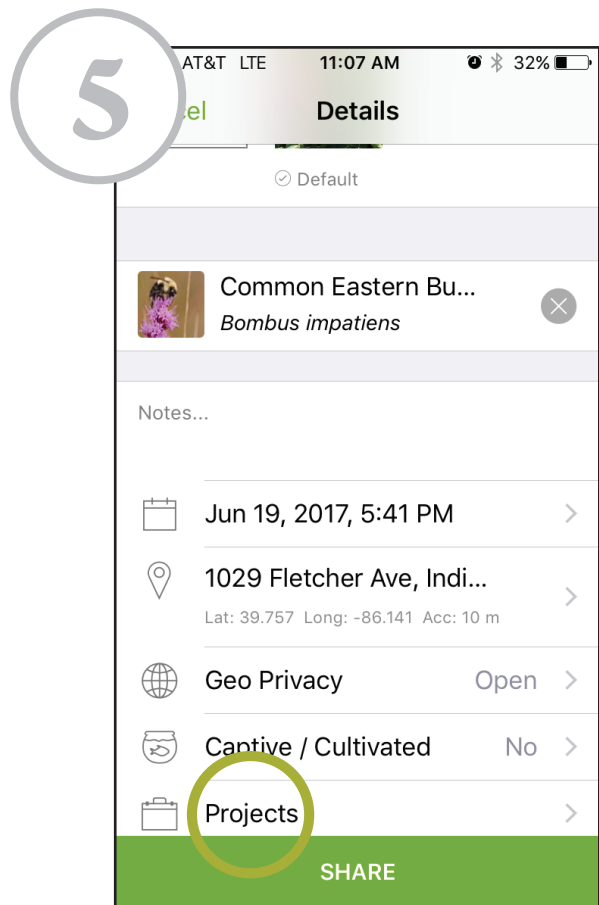

NOTE:

THOUGH YOU CAN USE THE SAME PICTURE
MULTIPLE TIMES, PLEASE CREATE DIFFERENT
OBSERVATIONS FOR EACH SPECIES—EVEN
IF THEY ARE IN THE SAME AREA.

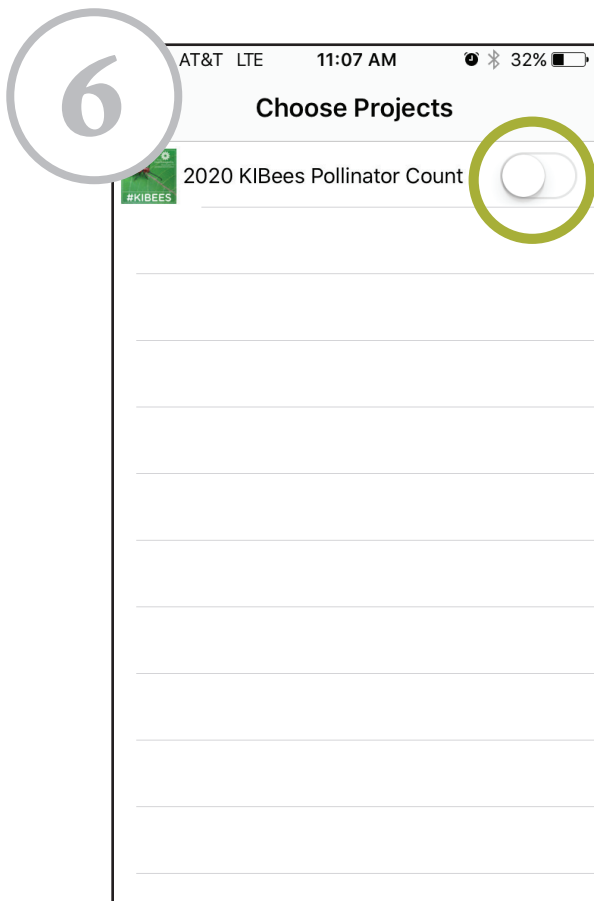

FEEL FREE TO ADD MULTIPLE
IMAGES TO YOUR OBSERVATIONS.

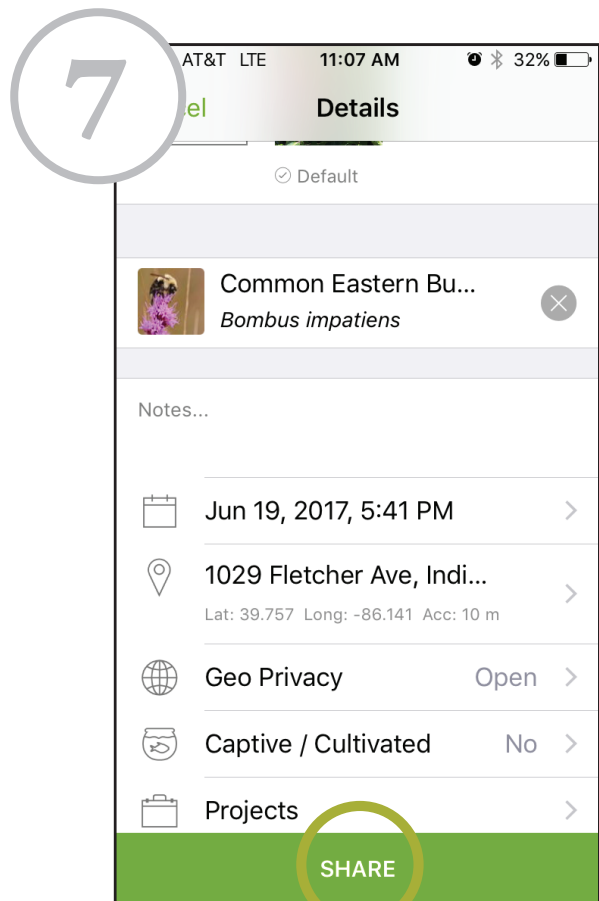

Make a best guess to prompt the app about what species you saw

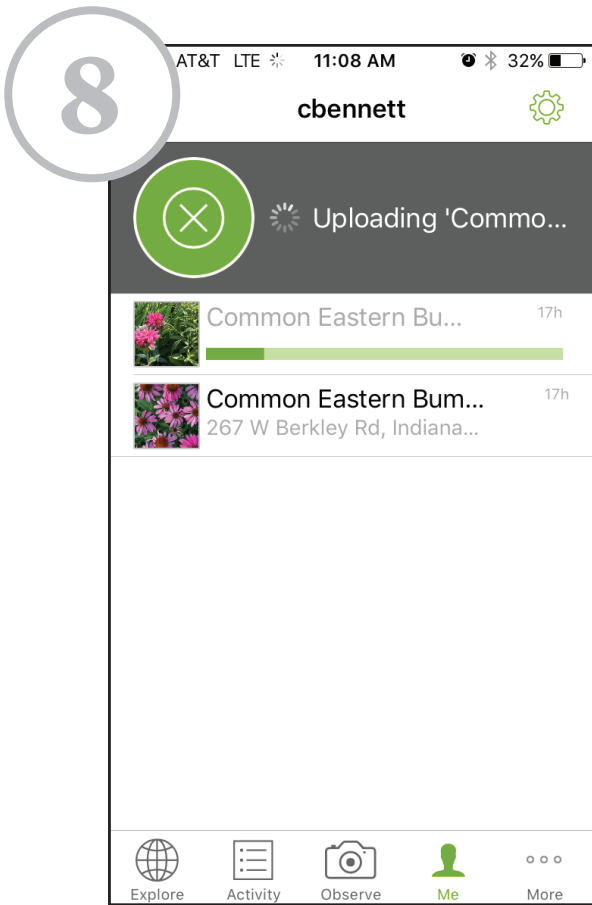

Tap projects to make sure that your project is selected

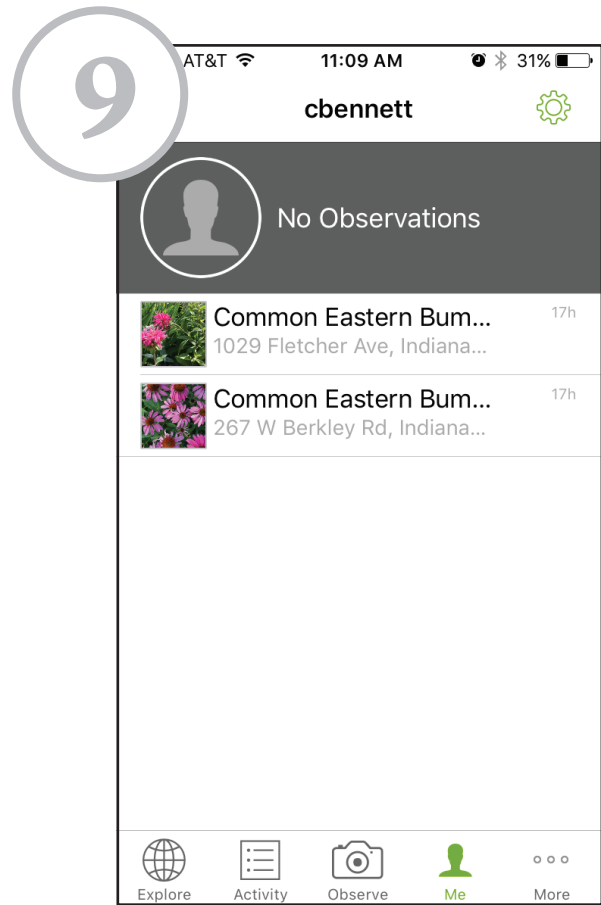

Turn on the switch (or check the box for Google phone)

Tap SHARE to post observation to your selected project

Wait for the upload to finish before adding another observation

Repeat to conduct another count or report a different species`
